

IKE

Component: Academic Courses

Courses with International Content

Taking courses with international content is one of the two areas within the Academic Courses component of the IKE program. Students must complete with a grade of C or better three courses in three different disciplines that have an international focus. Courses are selected from a listing approved by the International Studies program. International students can complete this component by taking one (two with permission) course with a significant modern US focus.

Complete the following form in Microsoft Word after each qualifying course you successfully complete. Save it and upload it to the Academic Courses folder in the IKE ANGEL Group. The IKE Administrators will then review and verify the information reported here. Once this is done a notation will be made in the grade book on the IKE page to note your progress to completing this area of the Academic Component.

<i>Course Title</i>	<i>Class number</i>	<i>Professor</i>	<i>Dates</i>	<i>Grade</i>

Name: _____ PSU ID: _____
